

WIN **(What I Need)**

"Fair doesn't mean giving every child the same thing, it means giving every child what they need. " -
Rick Lavoie.

What is WIN?

During the 2021-22 school year students are being provided with additional instruction based on need. In this model...

- Each class's schedule includes one support period a week in either ELA or math. This will occur during their workshop period.
- Classroom teachers, our interventionist, and our R.E.A.C.H. teacher will work collaboratively to provide targeted instruction on a specific skill during the WIN period

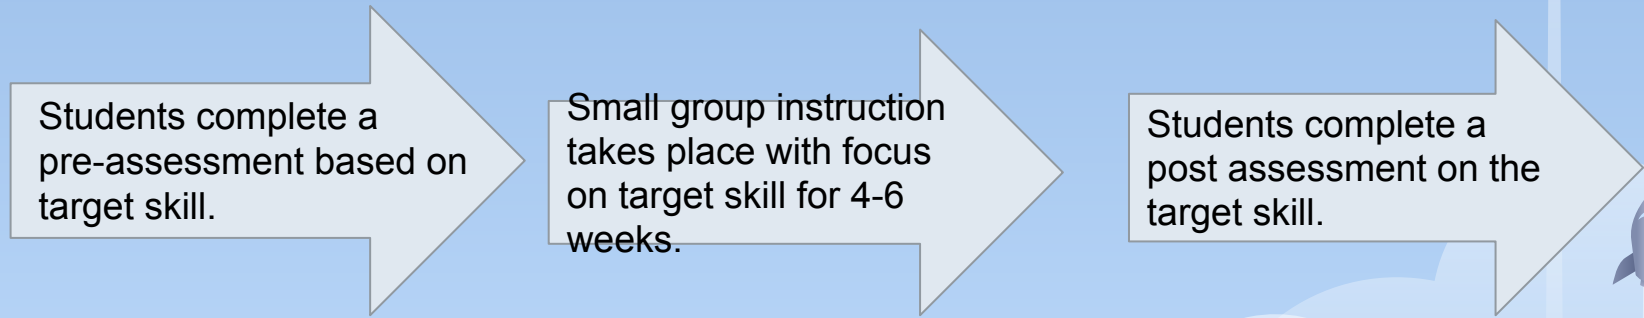

WIN Cycles

There are several cycles of “WIN” throughout the year.

- Each cycle will focus on one skill for 4-6 weeks.
- The skill will be determined by data collected from CogAT, i-Ready, running records, Dibels, and other assessments.

What is the timeline of WIN?

A photograph of the Space Shuttle Columbia during its ascent. The shuttle is white with orange solid rocket boosters and a black external tank. It is launching from a launchpad, with a massive plume of white smoke and fire trailing behind it. The sky is a deep blue with several white stars. In the foreground, there are some green fields and a fence. The overall scene is one of a powerful and successful launch.
